

# CONNECTdmv

## Career Network

## A Career Network Event & Reception *(for students of color)*

Connecting is important — to meet new people, to learn new things, to get to know more about professions you might be interested in, and possibly even to help you gain an internship or job. Sit down in small, group settings with top, area professionals to learn more about their professions and career path. **This event will launch the new CONNECTdmv Career Network**, giving students year-round access to our curated group of professionals who have agreed to share their professional expertise and career journeys.

### Keynote Speaker

Kevin Turpin, President, National Journal
